Introduction :Why Brest?

In terms of its lake covers an area of 184 Km², and navigable area of 100 km². The marina of Moulin Blanc where organizations sailing competitions site has an area of parking for boats of 12000 m² with parking for storage of 3600 m², with its municipal water watersports center resources available are very many.

The club USAM its strong experience in organization will make every effort for the success of this major event for everyone. We have many important events: 7 France Espoir Championships , 8 Championships Olympic France, 2 European Championships, 2 World Championships.

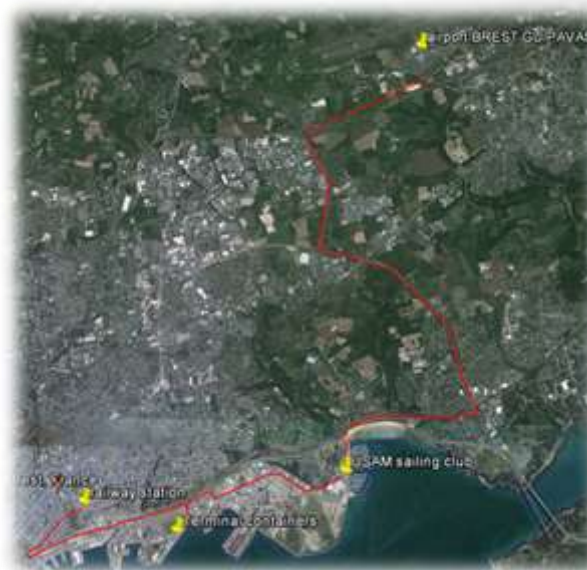

In a city heavily influenced by the past history appears every corner. Thus, a simple walk downtown just to get into the history of Brest. Start by investing the Castle, the oldest building in the city. Old seventeen centuries, it houses the National Maritime Museum which exhibits all the military history of the city. After crossing the bridge Recouvrance, inaugurated in 1954, a stop at the Museum Tour Tanguy is an opportunity to historical immersion through models and dioramas. Close you will discover the Arsenal, one of the symbols of the city, created by Richelieu in 1631. As for the prison, work Choquet Lindu and strongly associated with the history of Brest, it was demolished shortly after the end of World War II. World War II, precisely, played a major role in the history of Brest, released in 1944 after months of bombing destructive.
