

## Comments on Final 2024 Figures

- A 6.500+ surplus, after close to 6.000€ surplus in 2023, generated by the new certification system, covering easily database further development and maintenance, permitting to lower NCAs annual fees, and freeing the class to chase sponsors.
- Slightly increased membership, over 800 members worldwide, which is really encouraging.
- 38 plaque sets delivered (10 in 2023, 36 in 2022, 78 in 2021), pretty close to the 40 budgeted.
- Communication & Promotion slightly over planned budget, due to large numbers (131 entries) to be tracked in La Ballena Alegre.
- Measurement line expenses clearly under budget, although we did manage a Measurement Seminar in La Ballena Alegre. No scales calibration this year.
- Line 671 corresponds to some credit notes (reimbursement of former certification stickers) and to 2025 Worlds venue visit, made during 2024 year.
- Pretty healthy situation with 32.000+ euros on our accounts by 2024 end...
